AN APPEAL FOR INDEPENDENCE.
Since the holding of the Democratic
primaries on the 10th instant there has
been time for calm reflection and logical
conclusions. If the purposes of the so-
called "managers" of the Democratic
party in Roanoke are carried out the
next Council of Roanoke will be com-
posed almost entirely of members who,
from the method of their selection and
election, will be considered bound to
carry out the partisan objects and pur-
poses of their party organization, and
to regard those objects and purposes as
of greater importance than any others
which may arise.

This being so clearly the case, it is of
vital importance that the number of in-
dependent members in Council shall be
increased sufficiently to act as a check
upon the partisan majority which will
almost inevitably be chosen. For many
reasons the Second ward presents the
best field for independent action. It
contains the heart of the business area,
every bank but one in Roanoke, a large
majority of the business houses and its
property values are twice those of any
other ward. The interests which it has
at stake are larger and more varied.

The name of one man has been
brought more prominently to the front
than any other as presenting most thor-
oughly those qualities of mind and
character which will be of incalculable
value in the coming Council, composed,
as it will inevitably be, of so large a
proportion of raw material. That man
is David H. Matson. With business
qualifications of the highest order, he
combines inflexible firmness and integ-
rity of character. No man can raise an
objection to his election worthy of a mo-
ment's serious consideration.

Over one hundred and thirty Demo-
crats in the Second ward scratched the
candidates for Council from their tickets
in the primaries. It is estimated that
fully a hundred others staid away from
the polls on account of the restrictive
character of the ballots, or cast them
with a mental reservation in regard to
the nominees at the tail of the ticket.

As there are but a few over 600
voters registered in the Second
ward, it is evident that 300 inde-
pendent voters can control it. To
determine beyond a doubt the senti-
ment of the Second ward, THE TIMES
desires every registered voter in the
ward who will support an inde-
pendent ticket for councilman headed
by David H. Matson to communi-
cate with the editor of THE TIMES IM-
MEDIATELY. The names must be
in to-night. If they are satisfactory
an independent ticket will be put in
the field on Thursday.

LAST NIGHT'S ARRESTS.

An Ax, a Razor, and Several Beer Bottles
Cause Trouble.

Last night was very prolific in arrests.
About 10 o'clock Harriet Bailey and
another colored woman attacked an
old woman known as Aunt Mary on
Railroad avenue. They were armed
with an ax, a razor, and some beer bot-
tles. She was arrested by Officer Dus-
tan who with the assistance of several
citizens carried her to the station house.
She was very unruly and used her teeth
freely on her captors. Harriet now lan-
guishes in durance vile.

Murray Shelton, a negro, became in-
volved in a quarrel with William Price,
colored, who keeps a small store on
North Jefferson street, and was ejected
from the house. Shelton then threw a
stone through the store window, demol-
ishing things considerably. He was ar-
rested with considerable difficulty by
Policemen Merriman and Locke and
brought to the station house.

THE SOLDIERS COMING.

The Second Virginia Infantry Will Attend
Our Decennial.

Wilbur S. Pole, chairman of the mili-
tary committee, is in receipt of a letter
from Col. Nulton, commanding the Sec-
ond Virginia Infantry, accepting the in-
vitation extended to his regiment to
participate in the decennial celebration.
Col. Nulton says the Second Virginia
will pitch tents in Roanoke on June 18
for one week, and will be pleased to
contribute to the success of our celebra-
tion. The Pleasant Valley Land Com-
pany's invitation to make their land,
bordering on Roanoke river, in the
southern portion of the city, camping
ground has been accepted.

In the Hustings Court.

Only two cases were disposed of in
the Hustings Court yesterday. In the
chancery cause of C. P. Reed against
Chas. E. Post, the court ordered decree
entered confirming the report made by
B. Lacy Hoge, commissioner, and di-
rected him to make to M. H. O'Mo-
hundo a lease of the property men-
tioned in said report for the term of
fourteen months and to collect notes for
rent of property. A decree was entered
in the case of S. G. Sibert vs. C.
Markley. The court appointed C.
Markley and C. C. Thomas trustees to
act either jointly or separately to sell
the land in the proceedings mentioned.

Ordered to Move.

Mattie Evans, Hattie Dysie, Nora
Heath, Mable Luster and Bessie Mc-
Cormack were yesterday ordered by
Chief of Police Terry to move from their
present quarters on Railroad avenue
and Pot Liquor flats. This order was
caused by a warrant sworn out by ex-
Chief of Police Mack Morris and com-
plaints from the public in general,
who claim the women are disorderly
and a nuisance to the public. They
will probably go to Bunker Hill.

Dr. Felix Accepts.

A letter has just been received from
Dr. J. S. Felix, of Lynchburg, accepting
the invitation extended by the Y. M.
C. A. of this city to deliver the anni-
versary address before that body on the
evening of Friday, June 3. Dr. Felix
is one of the most captivating speakers
in the State. At the same meeting the
annual election of officers will be held.
An interesting time may be expected.

In Battle Array.

Cassie Edwards, Pleasant Edwards,
Bettie Edwards and Rachel Chambers
were yesterday arrested on a warrant
sworn out by Annie Banks, who
charged the above parties with assault
and battery. Annie's face was a mass
of bruises and blood from the fray
which occurred on Bunker hill. All
of the parties are colored.

No Wonder That People Speak Well of HOOD'S Sarsaparilla

Mr. R. J. Brundage of Norwalk, Ct.,
of the firm of Buxton & Brundage, ex-
pressmen, 159 Main Street, writes his ex-
perience below:

"For a long time I have been troubled with
a weak stomach, followed by

Indigestion and Dyspepsia

A short time ago I began taking Hood's
Sarsaparilla and took three or four bottles. Re-
sult, I have not felt so well all over for years.
My food seldom troubles me now. My sister,
who was troubled about the same way as
myself, took Hood's Sarsaparilla with very
pleasing results. I do not wonder that pa-
trons all along the line speak so well of Hood's
Sarsaparilla. Don't see how they can help it."
R. J. BRUNDAGE, Norwalk, Ct.

Mr. B. H. Rose

Is well known in Rochester, N. Y., as head
of the firm of Rose & Eddy, wholesale and
retail dealers in general hardware and house
furnishing goods, at 137 East Main Street.
The statement of so prominent a man must

Command Attention

"I send this unsolicited as I feel to con-
gratulate myself that I used Hood's Sarsapa-
rilla. Six months ago my digestion was very
bad, and I had almost a case of

Chronic Dyspepsia

I was also broken down by over-work, so
that I could not sleep nights. My stomach is
now perfect, my nerves in excellent shape,
and I have gained 10 pounds in 6 months.
For all this benefit my gratitude is due Hood's
Sarsaparilla. Accept my best wishes for

Hood's Sarsaparilla

the best medicine in the land." B. H. ROSE,

A GREAT INVENTION.

The Arrow Aerial Hook and Ladder Truck
Endorsed.

Councilmen Engleby and McConnell
and J. G. Knepp, chief of the fire de-
partment, returned Sunday from Grand
Rapids, Mich., where they went to ex-
amine the arrow aerial hook and ladder
truck, which is manufactured at that
point. They visited the factory, where
one was being built, and saw it in the
course of construction.

In the afternoon the paid fire depart-
ment gave an exhibition with the ladder
in front of the Morton House, a five
story building with a mansard roof, on top
of which they put a man by use of the
ladder in one minute and twenty
seconds.

The great advantage this ladder has
over all others is that it can quickly be
adjusted so as to put a person from a
building on one side of a street to a
building on the opposite side. The gen-
tlemen were all favorably impressed
with the apparatus.

OFFICER GEE SUSPENDED.

Sergeant Earley Again Prefers Charges
Against Him.

More trouble has been brewing in
police circles. Last Sunday morning
about 3 o'clock Sergeant Earley, accom-
panied by Police Officers Griffin, Gould,
Tuggle, Eanes and Gee, made a raid
upon a disreputable house on Earnest
avenue. Officer Gee, at the command
of Sergeant Earley, kicked down the
door and two women and one man were
arrested. The sergeant ordered Officer
Gee to conduct one of the women, Annie
Dobbins, to the station house, which he
did.

The woman asked Gee if she could
take his arm on Earnest avenue as there
were no lights and the street was rough.
He extended her that courtesy. Yester-
day Officer Gee was tried before
Mayor Evans on a charge preferred by
Sergeant Earley, of undue intimacy
with the woman on the streets. The
evidence was heard by Mayor Evans,
who will render his decision this morn-
ing. This is the third charge that has
been made by Sergeant Earley against Gee
within the last few weeks.

THE GOSPEL MEETINGS.

The Work Still in Progress in the City
Churches.

The series of gospel meetings, which
were inaugurated in the various
churches of the city last week, are still
in progress.

The pastor, Rev. S. R. Ferguson,
preached an able sermon at Trinity
Tabernacle last night to a good-sized
audience. There was considerable in-
terest manifested and several additions
to the church.
Rev. W. R. Lloyd, of Kentucky, is
still assisting Rev. H. C. Garrison in
conducting the meetings at the Fourth
Avenue Christian Church. His sermon
last night was eloquent and impressive
and logical. There were quite a num-
ber of penitents.

Rev. R. R. Acree's meetings at the
Galvary Baptist Church have been
marked with much success. A consid-
erable number of people have connected
themselves with the church during the
past week.

Mr. Watts Declines.

TO THE EDITOR OF THE TIMES: Upon
my return home this morning after
quite a prolonged absence, I learned for
the first time that I had been on May
18th nominated as an independent can-
didate for the Council by a large meet-
ing of voters of the Fourth ward.

Will you please allow me the use of
your columns to tender my thanks to
my fellow citizens in the Fourth ward
for the honor they have done me, and
to say that I cannot, under any circum-
stances, consent to be a candidate for
Council. Yours truly,

J. ALLEN WATTS.

WHAT IS WORN.

THE Hungarian women wear very
long boots but no stockings.

THE Hindoo nose ring is to be aban-
doned and a flower worn instead in the
nose of Indian women.

THE proper caper in gloves to wear
with tailor gowns is of fine Swedish
kid matching the costume in color.

THE duchess of Marlborough now
buys her clothes in New York. She says
the American modistes are better than
the English.

AMONG the revivals are the old-time
rings in hoop shape set with diamonds.
The diamonds are placed in a row with
just gold enough to form a setting.

MANY of the white veils have borders
of black lace in applique. Black lace
veils are pretty with the pattern border
worked in jet, which also makes the
large veil fall gracefully.

THE famous Parisian dressmaker, Fe-
lix, is making walking dresses for wom-
en who decline to drag the lower part
of their gowns about the streets with
round skirts that come near to the
ground, yet just escape touching it.

ECHOES FROM EUROPE.

FULMESTONE, Norfolk, which has
333 inhabitants, must be a healthy spot,
for we find that in 1891 there was not a
single death in the parish.

ITALIAN titles are not very expensive.
That of prince costs only \$13,000; that of
duke, \$10,000; marquis, \$8,000; count,
\$5,000; viscount or baron, \$4,000.

Or the whole surface of Germany over
one-fourth is covered by forests. About
fifty-two per cent. of these forests are
government and forty-eight per cent.
private property.

THE London women who make shirts
are no better off now than they were
when Hood wrote his "Song of the
Shirt" for them. They are paid four
cents for each shirt they make, and they
average six in seventeen hours.

LOVERS of genuine cognac will be in-
terested in the announcement that the
distillers of the city of Cognac propose
to go into court to test the right of dis-
tillers in other cities to label their brandy
as coming from Cognac.

INDUSTRY ABROAD.

TEN MILLION dollars' worth of Ger-
man toys are sold in England yearly.

WOMEN working in the embroidery
factories of Munich are paid five cents a
day.

MORE than a million dozen pairs of
gloves, valued at \$7,200,000, are made in
Grenoble, in France, every year.

It is calculated that the aggregate
annual income of the working classes
of England is about \$1,500,000,000.

THE manufacturing of coal dust and
pitch into bricks for fuel has become
extensive in France. The cost is less
than three dollars a ton.

It is estimated that the only factory
in Russia that makes playing cards de-
livers yearly 6,000,000 packs. To make
these 320 women and 68 men are em-
ployed. All the employees live at the
factory and can earn from \$5 to \$15 a
month. The annual profit of the fac-
tory is about \$800,000.

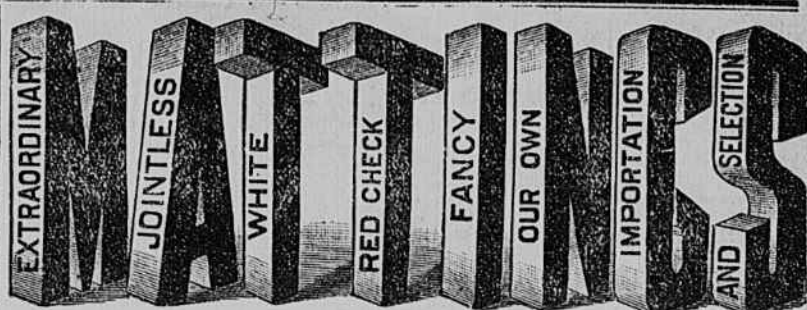

ON LOVE AND WOMEN.

THE best husband and the best wife
are the best company all the time.

God is good indeed to him whose first
love lasts through and fills all his life.

THE woman at thirty wonders why
at twenty she married the man she did.

Love is a fire, but you have to keep
